

# PINNACLE RESEARCH & INVESTMENT SERVICES

Pinnacle Research & Investment Services (PRiS) is an independent research and information services firm. We conduct sharp, precise and unbiased research on companies, markets and consumers to enable relevant and effective decision-making by our corporate, HNI and retail clients, towards fulfilling their tactical and strategic investment or other business objectives. As 'PRiStorians', we pride ourselves in enabling sound & timely decision-making for our clients. *Our mission at PRiS is to stay at the fore-front of the issues affecting the decisions of investor community worldwide.*

## OUR SERVICES

**Equity Research** – We develop, distribute and market high-quality, independent equity research that spans across diverse industry sectors and is solely aligned to investors' interests. Clients can choose to buy our standard reports, opt for an annual subscription or order custom research.

**Investment Analysis** – To offer a solicited investment analysis, we study the markets, fiscal policies/regulations and company records to benefit from inefficiencies in stock/commodity valuations, interest rates, currency, investment grade credit and emerging market debt.

**Planning Services** – Whether the business case includes outsourcing, expansion, contract extension, complex transformations or more, our personnel are geared to capture, define, track, analyze and negotiate the key decision making criteria of any assessment & planning activity.

**Financial Engineering** – Our customized solutions are meant for clients faced with highly complex financial challenges involving quantitative finance, customized-trading, financial technology, systems programming and other similar critical business issues.
